

## Reality of our Mortality Learning Circle:

The Holistic End-of-Life Planning Checklist:  
Exploring your planning priorities; what's stopping you,  
how to move forward, and how to get sh\*t done!

May 26, 2020 6:30 p.m – 8:30 p.m

Join us as we gather in conversation and the exploration of our shared mortality.

We take a unique approach to self-reflection and discovery, as we uncover your end of life planning priorities, what's in your way, and how to move forward to get things done.

Facilitated by **Licensed Willow EOL Facilitators**, Jo-Anne Haun, **End of Life Alternatives** and Karen Hendrickson, **Take the Journey, Coaching for Success**, you will experience and enjoy a safe, open-hearted place to explore, in community, the reality of our shared mortality.

Because life is unpredictable, the best time to plan ahead is now.

The greatest gift you can leave your loved ones, is a death well planned for. Let's get started!

Through the generous sponsorship of **Kettle Valley Memorial** this event is complimentary to attend. All are welcome. Registration is required via link below – Seating is limited.
